MEDICINAL.

The American Farmer the Best in the World.

The American farmer is the greatest man in the world to-day because he is master of the soil—he is gaining in intelligence quite as rapidly as his products are increasing in magnitude. Our recent combines of capital in United States measured in money are enormous, yet such figures sink into insignificance when compared to the money, brain and brawn invested in agricultural industries. For instance, the farmers of Minnesota and Dakota have received \$300,000,000 for their products in a single year. The farmer knows what Nature will bring forth for him from his experience in the past. He knows if certain seeds are planted and properly cared for that Nature will take care of the rest. In the same way you are master of your own destiny. Providing your blood is in good order, it only needs a little effort on your own part to keep healthy and strong—rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Dr. Pierce's Golden Medical Discovery makes rich red blood—by increasing the number of red blood corpuscles. There is no alcohol in this great tonic to shiver, the red blood corpuscles. As an alternative extract, made only of herbs and roots it goes about its work in nature's way. It stimulates the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood. Used for over a third of a century it has sold more largely than any other blood medicine in the United States. More bottles of Dr. Pierce's Golden Medical Discovery are sold to-day than ever before—that is a true test of its medicinal value after thirty-eight years of deserved popularity.

Dr. Pierce's "Medical Adviser" sent on receipt of stamps to pay for mailing only. Send at once ten stamps for paper in paper covers, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N.Y.

Rheumatism
Neuralgia
It has come to be an established and well
known fact that Rheumatism cannot be cured by
external applications alone. It is however con-
quered by all anti-rheumatic remedies. The
application of a soothing and penetrating liniment is
of the greatest assistance in bringing about a
cure. Rheumatism is a blood disease and must
be cured through the blood.
Hamlin's
WIZARD
OIL
taken internally cures by driving out of the
blood, the poison, (lactic acid), which causes the
disease. Applied externally, it relieves the pain
immediately and greatly hastens and facilitates
the cure by removing the irritation and aggra-
vating effects consequent to this pain.
Wizard Oil cures Neuralgia in an incredibly
short time. Many cases of this disease of years
standing have given way to the soothing and
penetrating effects of Wizard Oil and been per-
manently cured.
Mrs. K. Henry of Whitey, Tex., writes: I
have had Rheumatism for ten years and was
nearly helpless. I tried several remedies and
found no relief. I then used Hamlin's Wizard Oil
and it cured me. We are never without
a bottle of it in the house.
There is only one Wizard Oil—Hamlin's—
in bottles blown in the United States. Beware
of cheap imitations. On wrapper. Take no substitutes. 50c.

JAPS PUSHING RUSSIANS.

A Bloody Battle—12,000 Japanese Slain—Russian Loss Still Greater.

The Japanese attack upon Kinchou
and vicinity, which began with a bom-
bardment by gunboats and torpedo boats
Wednesday evening, followed by an all-
day battle Thursday between the land
forces and the storming of the Russians'
strong position on Nanshan Hill, east of
Taliennan, have culminated in a great
victory for the Japanese. The losses
on both sides are heavy; the Nanshan
heights are strewn with the dead.

A dispatch to the London Central
News from Harbin says the Japanese
losses are 12,000. It is said that these
figures have been confirmed by an official
dispatch. The Russian loss is said
to be much greater. Fighting, it is
added, is still going on in the vicinity
of Kinchou.

Subsequent reports indicate that the
storming of Nanshan Hill Thursday
was a bloody affair. The Japanese first
centered their fire on the Russian bat-
teries, in which work they were
aided by four gunboats from Kinchou
bay. They succeeded in silencing
many of the enemy's guns. The
Russians had constructed a series of
trenches around the hill on a terrace
protected by wire entanglements and
other such devices. The Japanese made
a series of rushes, but they were in vain.
The deadly rifle and cannon fire of the
enemy checked them repeatedly. Finally,
at 3 o'clock in the afternoon, the
Japanese reformed and stormed the crest
of the hill. The Russians held to their
position doggedly, and it was 7 o'clock
in the evening before the Japanese finally
gained possession of the ridge, the
Russians retreating toward Nangnan
Lung, a second line of defense. The
Russians had a series of mines planted
at Tafangshan station, on the railroad,
which were exploded. The station was
destroyed. The Japanese forces were
under fire for 16 hours.

Official reports received at St. Peters-
burg show that the Japanese are slowly
advancing and strengthening their posi-
tions along the Liaoyang road in Man-
churia. The Japanese are within twelve
miles of Port Arthur.

As was stated yesterday, Kinchou and
all the heights in its vicinity have been
taken, and the Japanese troops are push-
ing the Russians toward Port Arthur and
Vice Admiral Togo has now established
a complete blockade around the southern
end of the Liaoyang peninsula. This
completely envelops Port Arthur from
the seaward and marks the opening of
the final investment of the town and its
fortifications. The Japanese estimate
the strength of the Russians about Port
Arthur at 20,000 men. The former are
said to have 40,000 to 50,000 men en-
gaged in the operations on the southern
part of the peninsula.

Baron Hayashi, the Japanese minis-
ter at London, discussing the opera-
tions north of Port Arthur said yester-
day: "Kinchou will be occupied as a
first base. The neighboring hills will
be strongly fortified in order that they
can be held indefinitely. For food
supplies and ammunition Port Dalny
will be second base. The possession
of Kinchou will be of invalu-
able aid in the campaign against
Port Arthur. The hills command posi-
tions of the country for several miles
in the direction of Port Arthur. I pre-
sume from the action at Kinchou that
the Russians intend to make another
stand at Port Dalny. Their justification
for defending Kinchou must have been
the belief that their numbers were able
to cope with ours, so I expect that prac-
tically all the available Russian troops
have been moved out from Port Arthur
in the attempt to head off the invest-
ment."

The Tokio correspondent of the London
Daily Telegraph says he learns that
the Japanese troops are now within 12
miles of Port Arthur, and that the
Russians suffered heavier casualties than
the Japanese, who have taken guns and
other material and a few prisoners. He
predicts a further surprise, as Japan
is now increasing her efforts in all di-
rections.

The Tokio correspondent of the London
Daily Chronicle says that the
Japanese captured many guns at Kin-
chou.

World's Fair Notes.

Fifteen tons of garnets from Alaska
are to be given away to visitors to the
Alaskan building at the World's Fair as
souvenirs.

The World's Fair National Bank is
conducting a regular banking business
on the exposition grounds. A 3,000
pound safe, incased in a cylindrical sub-
terranean vault, has been installed.
The first stage lodge ever exhibited at
an exposition is shown at the World's
Fair. It was built by Wichita Indian
women and is shaped like a great bee
hive. The floor diameter is about 25
feet, and the peak where the smoke from
the fire escapes is more than 20 feet from
the ground. The Wichita Indians are
noted for their skill in lodge building.
A light-house built of pure salt, eight-
teen feet high and covering 144 square
feet, is the main feature of New York's
exhibit in the Palace of Agriculture at
the World's Fair.

Manassas Gets \$30,000 Hotel.

Mr. Robert Portner, owner of Anna-
burg, a magnificent farm and summer
home, adjoining town, has contracted
with Messrs. Jno. A. Cannon & Son,
architects and contractors, for the erec-
tion of a handsome hotel on Bunker
Hill, just west of the passenger depot.
The hotel, when completed, will cost a
little over \$30,000, and will be one of
the handsomest hotels along the line of
the Southern in this State. The plans
were prepared by Mr. Oscar Vogt, a
Washington architect. The contract
calls for its completion by November 20.
It will have an east front of 150
feet, running back about 70 feet and will
contain about 45 rooms. The dining
room will be a magnificent one—22x56.
The rooms will be handsomely finished
and furnished. Work has begun and the
contractors expect to have the building
well under way in a very short time.—

A Startling Test.

To save a life, Dr. T. G. Merritt, of No.
Mehoopany, Pa., made a startling test, result-
ing in a wonderful cure. He writes, "A pa-
tient was attacked with violent hemorrhages,
caused by ulceration of the stomach. I had
often found Electric Bitters excellent for acute
stomach and liver troubles so I prescribed
them. The patient gained from the first, and
has not had an attack in 14 months. Elec-
tric Bitters are positively guaranteed for Dys-
pepsia, Indigestion, Constipation and Kidney
troubles. Try them. Only 50c at E. S.

Whooping Cough.

"In the spring of 1901 my children
had whooping cough," says Mrs. D. W.
Capps, of Capps, Ala. "I used Cham-
berlain's Cough Remedy with the most
satisfactory results. I think this is the
best remedy I have ever seen for whoop-
ing cough." This remedy keeps the
cough loose, lessens the severity and
frequency of the coughing spells and
counteracts any tendency toward pneu-
monia. For sale by Richard Gibson
